JON RENAU IS THRILLED TO UNVEIL THE LATEST STYLES IN THE HUMAN HAIR COLLECTION.

These four luxurious new releases are crafted with our most premium, 100% Chinese Remy hair for an irresistibly silky texture. Two cap designs made their Human Hair Collection debut with this launch; the Brandy, Colbie and Phoenix styles feature a double monofilament cap with a 100% hand-tied back, while Layla is the collection's first-ever lace front French drawn top design. Crafted using a new, non-return knotting technique to create the illusion of a natural hairline, Layla also has a barely-there feel that's ideal for sensitive scalps. These new additions nod to the latest hairstyle trends, including sharp bobs, flattering long layers, and sophisticated, mid-back-skimming tresses.

# How to GET THE LOOK

## **PREP**

Style with a round brush using Jon Renau Blown Away Blow Dry Balm, Heat Treat Thermal Spray, and Redefine Anti-Humidity Spray.

## **STEP ONE**

Take a horizontal section and starting at the nape, take two-inch subsections of hair and curl in the same direction. With each curl, clip it in place to lock in the curl. Apply 3-Way Versatile Hair Spray and Pick Me Up Dry Shampoo after each curl before pinning.

## **STEP TWO**

Continue working up the wig towards the top, curling in the same direction.

## **STEP THREE**

Determine your parting, then proceed to curl all in the same direction starting at the temple and working your way up towards the top of the wig.

## **STEP FOUR**

Let the hair set with pin curls; apply 3-Way Versatile Hair Spray all over for additional hold.

## **STEP FIVE**

Once curls have set, start at the nape and brush the curls out forming an 'S-wave' pattern, working around the wig towards the top. Remember to spray 3-Way Versatile Hair Spray to lock in your style.

## **STEP SIX**

Apply hair accessories for additional sparkle and pop, if desired.
